Event Name	Methods in Chemistry Education Research
Event Type (key)	Scientific Conference - 1 day

This one day conference is being organised in response to a growing demand and interest in chemistry education research in the UK. The meeting will focus in particular on methods; the practicalities of how to do chemistry education research. Invited speakers with experience of completing and publishing discipline-based education research will give talks on particular methods, relating the methods to

Event Name	Webinar: Prof Keith Taber
Event Type (key)	Scientific Conference - 1 day
Comments	Prof Keith Taber (University of Cambridge) delivered an online seminar (webinar) on the challenges of experimental approaches in educational research. Over 130 people registered for the webinar. The webinar raised some challenging questions and as with all of webinars, is logged on our YouTube channel (linked from website) so as to be a very useful resource for those conducting education research.
