

## The Consultancy Group Bulletin – April 2024

### About us

The Group is one of the Royal Society of Chemistry's many Interest Groups. The Interest Groups are member-driven groups which exist to benefit RSC members, and the wider chemical science community, in line with the RSC's strategy and charter.

The Group provides a forum for RSC members who are consultants. The Group arranges meetings and workshops to provide networking opportunities and training in aspects of setting up and running a consultancy business.

There are currently vacancies on the Consultancy Group Committee. These have been advertised to all Consultancy Group members and applications have been received. The applicants are in the process of being contacted with respect to the next stage.

If you are interested in helping to support the work of the Group in any way, please contact the Group via the RSC link: <https://www.rsc.org/membership-and-community/connect-with-others/through-interests/interest-groups/consultancy/#contact>
